

missionary ventures

Billions around the world lack a life-transforming relationship with Jesus, trapped in poverty, limited education, spiritual oppression, and a shortage of godly leaders. Many have no access to a disciple-making community or anyone to share the Good News in word and action. While Christianity is expanding rapidly in many regions, mission church growth is outpacing the development of trained leaders and sustainable discipleship pathways, creating a bottleneck that threatens spiritual depth, healthy community transformation, and the long-term impact of the gospel.

From **anywhere** to **everywhere**, for the **glory of God**.

Vision

Our vision is to see believers in Christ boldly engaged in bringing God's Kingdom to every culture, context, and corner of the earth.

Mission

Our mission is to multiply the Body of Christ worldwide by transforming, equipping, and sending believers to carry the hope of the gospel from anywhere to everywhere for the glory of God.

Core Values

Christ-Centered

We anchor all we do in the love of Christ—rooted in the truth of Scripture, empowered by the Holy Spirit, and guided by a deep commitment to prayer.

Collaborative

We serve together and partner cross-culturally with ministry leaders to make disciples.

Flexible

We creatively adjust as necessary, celebrating a bold, adaptive, and multi-faceted ministry.

Unified

We are unified in our beliefs and values while being varied in the expression of our ministry. We empower cross-cultural leaders to grow the kingdom by celebrating the uniqueness of each individual's call from God and their role in the mission.

Core Field Ministries

Discipleship

We multiply disciples by walking with individuals in their faith journey through relational mentoring, inductive Bible study, and Spirit-led, contextually relevant ministry that integrates evangelism and discipleship with everyday life.

Church Strengthening

We nurture Christ-centered, multiplying churches that proclaim the gospel, make missional disciples, and nurture Spirit-led communities of faith. We encourage healthy leadership, cultivate Christlike character, provide accessible Bible training, and integrate discipleship with everyday life in contextualized models that anchor believers and churches in faithfulness to God's Word.

School Strengthening

We advance Christ-centered schools that integrate discipleship into daily learning, promote academic excellence rooted in a biblical worldview, and train and empower teachers and students as Christlike leaders impacting the lives of individuals and families with lasting spiritual and educational transformation.

Compassion

We demonstrate Christ's love in action by addressing the physical and practical needs of communities, responding to urgent needs after natural disasters, and bringing hope, restoration, and tangible expressions of the gospel.

Desired Outcome

Our desired outcome is to see lives transformed by disciples of Jesus who are on mission to expand God's Kingdom throughout the nations.
