school strengthening

Our Why

The next generation is being discipled every day by the ideas, values, and worldviews embedded within education. Many Christ-centered schools desire to shape students through biblical truth but face challenges, including limited resources, weak leadership structures, and insufficient pathways for sustainable growth. Missionary Ventures responds by partnering with Christ-centered schools and local churches to equip educators and leaders with the training, resources, and relationships needed to form disciples of Jesus.

From **anywhere** to **everywhere**, for the **glory of God.**

Our Vision

School Strengthening supports thriving Christ-centered schools that equip believers to bring God's Kingdom influence to their communities through intentional discipleship.

Our Mission

School Strengthening partners with Christ-centered schools and local churches to develop Christlike educators and leaders, integrate a biblical worldview throughout school life, and strengthen schools to intentionally disciple and educate future generations.

Our Core Values

Christ-Centered
We believe all truth is grounded in God's Word and that Christ should shape every aspect of an educational community.

Collaborative
We believe lasting school strengthening happens through partnerships marked by humility, shared learning, and mutual encouragement.

Growth-minded
We believe healthy schools continually pursue growth, excellence, and faithful stewardship.

Empowering
We believe that school leaders and educators should be empowered through mentoring, support, and shared resources rather than through control or dependency.

Accessible
We believe that impactful school-strengthening resources should be accessible to all schools seeking growth and transformation, regardless of size or context.

Locally-Led
We believe schools are best strengthened through local ownership, contextual wisdom, and leadership-driven development that reflects the unique needs and calling of each community.

Our Core Initiatives

School Start-ups
We support churches and communities in launching Christ-centered schools that disciple and educate future generations.

School Strengthening
We guide schools through assessment, coaching, mentoring, and strategic planning to foster healthy growth and long-term sustainability.

Teacher & Leader Development
We equip educators and leaders through biblical worldview formation, discipleship, training, and professional development.

Our Desired Outcomes

- **Forming students** as disciples of Jesus who think biblically and who faithfully influence society.
- **Strengthening teachers and school leaders** with wisdom, character, and excellence.
- Fostering spiritual formation, academic growth, and servant leadership in schools that flourish.
- **Equipping schools** to become centers of Kingdom influence within families and communities, in partnership with the local church.
- **Multiplying** networks of locally-led Christ-centered schools.

PaSS
PATHWAYS TO SCHOOL STRENGTHENING

SCHOOL START-UP

Partner with Proyecto Alas to train and develop their school start-ups. Leaders train in administration, curriculum, and other key school elements.

SCHOOL ASSESSMENT & STRENGTHENING PROGRAM

Schools that begin with Alas and/or other interested schools can enroll in our assessment and strengthening program. They receive free coaching to ensure a successful process.

MENTORING & COACHING

Schools may continue to receive coaching at a sliding-scale fee to implement their plan. Interested leaders may also be trained as PaSS mentors to support schools in their area.

ONGOING PROFESSIONAL DEVELOPMENT

Through regional partners or PaSS-developed modules, school leaders and teachers can get the training they need to successfully implement their plans.

UNIVERSITY CREDENTIALS

Educators and school leaders continue their professional journey through accredited university programs that partner with Miscio to provide affordable graduate credentials.

SCHOOLS OF INFLUENCE

Exemplary Schools collaborate with other schools to grow and strengthen the global Christian education community.
